### KENSINGTON WANTS COURT.

Alderman Hill on behalf of the residents of Kensington, West Pullman, Roseland and other communities in the south end of the Thirty-third Ward, filed a petition with Chief Justice Olson for a branch of the Municipal Court in Kensington.

The letter asserts that those South Siders have been discriminated against because they now are compelled to travel eighteen miles to the central court down-town.

"So far as traveling is concerned, we were better off under the police court system," reads the letter. "We have a new police station with space set aside for a branch of the court and understood that we would get it when we had suitable accommodations. Why not have the court go to the people instead of having the people go to the court?"

### SEES TROUBLE IN CHINA.

Missionary Predicts Overthrow of Dynasty and War with Japan.

Declaring that the youth of China, the progressive element in the nation, would overthrow the present dynasty, Rev. William Christie, a missionary of the Christian and Missionary Alliance, predicted that great disturbances were due in the Celestial Empire and that war with Japan was in contemplation. Mr. Christie said in Philadelphia: "The object of the revolutionary movement is the overthrow of the present dynasty, which is hated for its conservatism and feared for its power. During the last year there have been three abortive attempts, as the time for the movement was not ripe. The unrest is fostered by the student element, who, having gained education abroad, are urging their less fortunate countrymen to take decisive action to gain their rights. The movement eventually will succeed." In regard to China's attitude toward Japan, he said: "China is not afraid of Japan. The government is working night and day in the training of men for the war with the Japanese that eventually will come. Talk of union of Japan and China in the event of another war with the western nations is ridiculous."
